DESCRIPTION OF REQUEST

The Town of Algoma, Winnebago County, Wisconsin is seeking qualified Contractors to complete the Town's 2018 *Sealcoating, crack filling, patchwork and re-striping program*. The Town is requesting that all qualified Contractors submit a lump sum bid quote for the overall project as well as a per unit breakdown for services that match the "Scope of Work" section within this RFP.

Description:

Patchwork: Limited potholing and leveling to be completed upon asphalt roadways prior to overall surface treatment.

Chip Seal: Chip seal of roads to include shoulder to shoulder treatment utilizing one-quarter inch (1/4") to one-third inch (1/3") granite aggregate.

Fog Seal: Fog seal treatment to be applied above newly chip sealed roads within RFP.

Lane Striping: Limited traffic control striping to be completed. Overall lineal feet is anticipated to be less than 22,000 feet of shoulder striping and 11,000 feet of dashed centerline markings.

In addition to the aforementioned sealcoating cost request, the Town is also requesting a cost per road breakdown of required patchwork, crack filling and re-striping as listed within RFP to assist in ensuring project cost matches anticipated 2018 budget figures. A complete list of maintenance locations and characteristics is available within this RFP (Appendix A).

The Town of Algoma anticipates this contract to treat approximately 27,000 lineal feet (5.11 miles) of asphalt roadways with general widths ranging from 22-26 ft. Final award decision will be based on the lump sum bid with the additions of required qualifications or assurances. Town reserves the right to adjust scope of contract with approved Contractor bid.
