Re: Omro Road Reconstruction Design Open House

Dear Valued Community Member:

This correspondence is in reference to the Town of Algoma's proposed road improvement project for Omro Road. The Town of Algoma in partnership with McMahon Associates has completed a partial concept design of the roadway and would like resident input on the design concepts. An open format workshop will be held at the Town Hall on March 12, 2019.

Omro Road Design Open House

Location: Town Hall; 15 N. Oakwood Road Oshkosh WI 54904

Date: Tuesday March 12, 2019

Time: 6:00 p.m.—8:00 p.m.

This open format meeting is for all community members of the Town of Algoma. As a property owner along the roadway your input and ideas are especially important. This significant reconstruction effort is focused on commuter safety, enhanced pedestrian accommodations, improved durability and access and finally stormwater mitigation. The open house will begin with a brief overview and then focus on listening to community member input on different design options. A project specific page has been developed and is available at www.townofalgoma.org.

For your convenience, I encourage you to contact me at any time with questions or concerns you may have. I can be reached at (920) 235-3789 or by email at bkrumenauer@townofalgoma.org.

Sincerely,

Benjamin Krumenauer
Administrator, Town of Algoma

Cc: Town Clerk
