

ADDITIONAL ITEMS TO BE RECYCLED:

- Antifreeze
- Appliances
- Electronics
- Lead Acid Batteries
- Scrap Metal
- Tires
- Used Oil
- Oil Filters
- Yard Waste

These items are banned from landfills and may be recycled at Winnebago County Solid Waste. Charges may apply.

WASTE REDUCTION TIPS:

- Avoid disposable, single-use products
- Reuse paper & plastic bags
- Buy in bulk
- Avoid over-packaged products
- Borrow or rent items
- Buy or sell used clothing
- Donate clothing & household items
- If it's broken, first try to fix it

Consider using less. Waste reduction is key to a successful waste management system. Waste that is never created doesn't take up space in a landfill or have a cost to recycle.

HELP RECYCLED MATERIALS COMPLETE THE LOOP

Look for products and packaging made from recycled materials! The higher the % of post consumer content, the better.

Printed on 30% PCW recycled paper.

- Drinking glassware

- RECYCLE ITEMS LOOSELY IN YOUR CART
- EMPTY, RINSE & REPLACE CAPS ON BOTTLES, JARS & CONTAINERS
- FLATTEN CARDBOARD BOXES & CUT TO NO LARGER THAN 2' X 2'

PLASTIC BAGS

Plastic bags, wraps & films are our #1 contaminant. Recycle items loosely and not in plastic bags! Take clean and dry plastic bags back to store drop-off collections.

SHARPS

Needles, lancets & syringes are the #1 safety concern for our sorting staff. Do not throw sharps in your recycling or trash! Visit dnr.wi.gov and search "Sharps Collections" for proper drop-off locations.

BATTERIES

Batteries & electronics are a fire hazard and should never go in recycling carts. Search "battery" or "electronic" in our Waste Wizard website tool to find proper drop-off locations.
